Life Insurance and Hybrid Product Illustration Software

You can access all software by going to our "Agent Tools" page on the website
at www.breakthroughins.com/agent-tools

IPIPELINE

Please go to our website at www.breakthroughins.com.   Under "Agent Tools" Life section, click
on the button that says "Ipipeline" to register for our software for term quoting, electronic
applications, forms, and more.

WINFLEXWEB

You can access most of our permanent life insurance and hybrid product carriers and run product
illustrations online by going to www.winflexweb.com from our website.

You will have to register for a username and password for WinflexWeb. During the registration
process you should select Breakthrough Insurance Group as your Brokerage General Agency to
get access to our products.

Most carriers participate and allow access through WinflexWeb. The carriers that do not
participate are listed below with access information:

State Life

Annuity Care and Asset Care

onesourceonline.oneamerica.com

You can't access the website and illustration software until you are appointed with State Life.
However, you can access a calculator that can be used for presentations.

You may access the calculator at
www.assetbasedltc.com or, https://www.oneamerica.com/caresolutionscalculator/index.html
